Target Population

CHIPS - abuse and neglect - Includes children who are, or are alleged to be, abused and neglected. Child abuse is the physical injury of a child by other than accidental means under s.939.22(14) or sexual intercourse or contact with a child under s.940.225. Child neglect is when a person having temporary or permanent control over a child has neglected, refused, or been unable, for reasons other than poverty, to provide the necessary care, food, clothing, medical and dental care, or shelter so as to seriously endanger the physical health of the child.

CHIPS - other - Includes children who are alleged to be, or have been found to be in need of protection and services under some s.48.13 sections. Does not include children who are, or are alleged to be, abused and/or neglected as defined in values 61, 62, or 63. Also does not include children under s.48.13 who are in the Status Offender Category defined in code 69.

Delinquent - Includes children alleged to be delinquent and referred to court intake as well as children, ages 10 and over, who have been found to be delinquent by a court.

JIPS - status offender - Includes children who are alleged to be, or have been found to be status offenders.

Voluntary Placement - Includes Children in an Out-of-Home Placement (of type Foster Home, Treatment Foster Home, or Group Home) where a formal signed agreement between the county, the parent, and the child (if age 12 or older) exists and no court order has been issued. A foster home or treatment foster home placement under a voluntary agreement may not exceed 180 days from the date on which the child was removed from the home under the voluntary agreement. A group home placement under a voluntary agreement may not exceed 15 days from the date on which the child was removed from the home under voluntary agreement.

The 'School District Information' section on the right has a dropdown for 'Provider's School District Code'. Below this is a 'Kinship Care' section with a dropdown for 'Relationship of Child to Kinship Provider'.

25. If the Out of Home Placement is with a foster home and there is a name other than the foster home provider's name in the Parent Agency field, the payment is to go directly to the foster home provider; check the Override Parent Agency rule checkbox.
26. The Total Clothing Allowance Disbursed field will display the sum of all clothing allowances that have been paid out on behalf of the child during this applicable episode period. The child must be discharged from all placements for at least 120 days before he or she is eligible for another clothing allowance.
27. The Kinship Care group box reflects the relationship of the Kinship provider to the child and is only required when documenting a Kinship placement.
28. The Split Payment group box allows you to split the payment for cost of care between two separate providers. This is done as follows:
- Check the checkbox labeled "Check if this is a split payment." Once this checkbox is selected, the Method radio buttons and the Search hyperlink are enabled.
 - Choose either the Fixed or Percent method of calculating the split payment. Choosing the Fixed method activates the Fixed Amount field where a specific dollar amount of the total provider payment can be designated as a payment to the second provider. Choosing the Percent method activates the Percentage Amount field where the user can specify a percentage of the total provider payment to be paid to the second provider.
- Note:** Only one method may be selected at a time. However, the method can be changed at any time.

This screenshot shows the 'Split Payment' section of the form, which is highlighted with a purple border. It includes a checkbox labeled 'Check if this is a split payment' which is checked. Below this are two input fields: 'Split Provider Name: ID:' with a 'Search' link, and 'Percentage Amount:' with a value of '0.0000'. To the right is a 'Fixed Amount:' field with a value of '\$0.00'. Further right is a 'Method' section with two radio buttons: 'Fixed' and 'Percent', with 'Percent' selected. Adoption History

Options:

It is required by statute to document the steps taken to find a placement option for a Native American child. The statute presents a hierarchy or placement preferences which need to be followed. The ICWA tab outlines, in order, this placement preference hierarchy.

You should first look to a “member of the Indian child’s extended family” for a placement option. If there is no one that meets that criteria that is a viable placement option, then you should look to a “foster home license, approved or specified by the Indian child’s tribe.” Again, if there is not a viable placement option that fits in this criterion then one will proceed to the next level of placement providers.

The goal is to place the Indian child in the least restrictive placement setting that meets the child’s needs.

The screen shot below illustrates what the Out of Home Placement page looks like with the ICWA tab enabled.
